300+ Employees

Estilo *Group* continues to grow its Dubai portfolio whilst expanding across international markets.

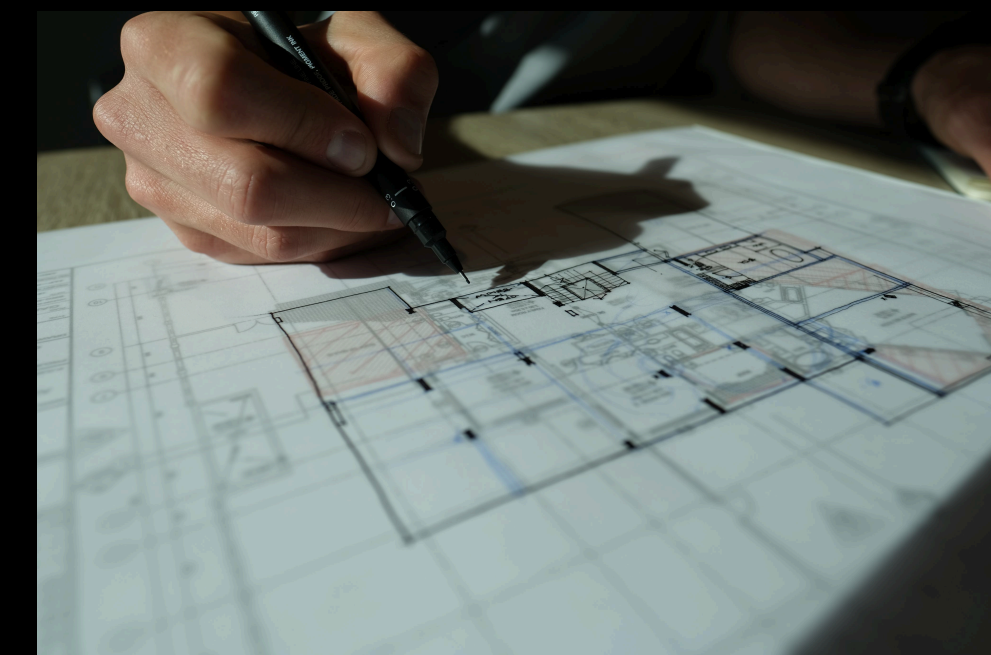

Our founder

Ezaht Al Doory

Ezaht Al Doory is the founder, and CEO of Estilo Group, a prominent multi-sector enterprise dedicated to redefining luxury living and architectural innovation in the UAE and internationally.

He began his journey in 2019 by establishing Estilo Architects, aiming to bridge the gap between architecture and construction in the UAE. The firm, recognized as a leading residential design company, offers comprehensive in-house, turnkey design and construction services under one roof. Expanding his influence beyond architecture, Al Doory established Estilo Investments & Fund+ to drive strategic investments in luxury real estate and high-value development opportunities.

With a focus on innovation, quality, and sustainability, Estilo Group consistently raises the bar in design excellence and investment foresight, paving the way for the future of modern living. Known for seamlessly blending architectural brilliance with strategic investment insight, Al Doory continues to lead the industry with innovative approaches, creating iconic projects that epitomize the heights of luxury and sophistication.
